CONSTRUCTION

Tysers Construction Operating Division

Tysers Construction Division was established in 1999. We are not just insurance brokers; we are international specialists designing comprehensive insurance programmes for capital projects under construction. We work with contractors, concession companies, principals, bankers, insurers and other brokers.

"We are a multi-lingual, dedicated construction team, handling insurances for a wide variety of international clients working throughout the world.

We care about our business and seek to deliver compliant, creative solutions to meet our clients' needs. Our desire is to forge long lasting relationships with our clients to whom we are honoured to provide a comprehensive service."

Alfred Wilson
Managing Director Construction Division

Areas of Expertise

We have extensive experience of a wide range of projects involving:

- Power stations (prototype/non-prototype).
- Roads.
- Dams.
- Buildings.
- Petrochemical complexes.
- Steel plants.
- Harbours.
- Bridges.
- Railways.
- Wind farms (Offshore and/or Onshore).
- Single projects and/or annual programmes.

Key Strengths

- **Client services** – We provide a wide range of services to clients, including risk analysis, risk management, broking, administration, claims and market intelligence.
- **Specialist knowledge** – Our specialist knowledge of the construction industry and independence are ideal for forming strategic partnerships.
- **Single Project** – We provide coverage under a specific policy to the termination of the contract. Specific coverages include construction all risks (CAR), general liability, loss of anticipated revenue/business interruption, machinery breakdown, contractors plant and equipment, pre-existing property, war/political risks.
- **Annual Placements** – A single policy which automatically covers all of the projects anywhere in the world in which a contractor might be involved during the year. For automatic cover to apply the individual project periods can be anything up to 48 months construction plus 24 months maintenance. Individual contract values up to US\$ 50,000,000.
