

TYASERS

ENERGY

Part of the Marine Division

The complex technical requirements of energy insurance demand the attention of highly experienced and dedicated professionals with the superior knowledge and experience needed for the clients they serve. Since energy exposures are extremely diverse in nature, we assess each risk individually to ensure we obtain the most appropriate coverage package, competitively priced and underwritten by strong security.

Areas of Expertise

Tysers Energy team covers all exposures to energy risks with particular expertise in:

- Physical damage.
- Control of well.
- Third party liability.
- Construction.
- Political risk.
- Business interruption.
- Loss of earnings.
- Delayed start-up.
- Combination products.

Key Strengths

- **Global client base** – With particular strength in United States of America dealing direct with Retail Brokers.
- **Wide experience** – We arrange cover for a broad spectrum of facilities, both onshore and offshore.
- **Consultancy** – We offer professional risk management advice, including the setting of retentions/deductibles, coverage parameters and tailor the conditions which best suit the risk.
- **Market presence** – Strong professional relationships with insurers.

Since 1820
