

THE SPECIALIST FACILITY

Tysers Marine Cargo Shippers Interest and Freight Services Liability (FSL) Facility 2020/2021 Two policies, one process – streamline your clients' needs in an efficient and cost-effective way

The new Tysers Specialist Facility has been created to offer a combined or single Shippers Interest and/or Freight Services Liability policy for:

- Freight Forwarders
- Road Hauliers
- NVOCC's
- Warehouse Keepers
- Agents

Many Freight Forwarders believe their customers are provided full value all risks coverage by their chosen Carrier's liability policy - this is often not the case as Carriers seek to limit their liability for goods taken in their care, custody or control and claims are often denied due to force majeure events.

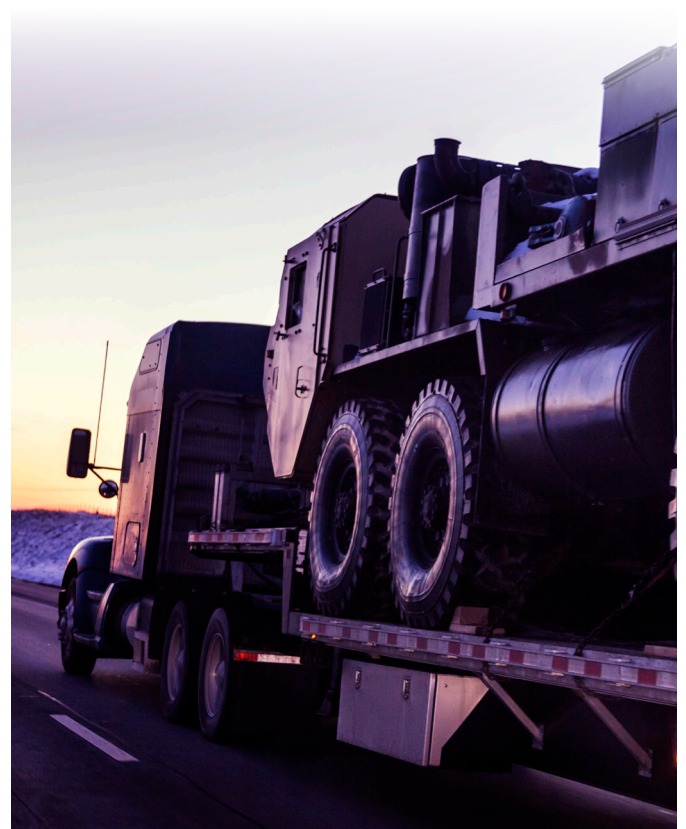

The Tysers Specialist Facility endeavours to remove this problem.
