

Tysers Insurance Brokers, with the support of the Lloyd's of London Cargo market, have designed an exciting new product, which targets Warehouse Operators within the Transportation and Logistics Segment, by providing Warehouse Legal Liability Coverage.

With our product, coverage is provided for a Warehouse Operators Legal Liability, as instituted by warehouse receipts, storage agreements and other contracts, towards Cargo accepted into their custody and control, whilst in storage.

### Coverage includes:

- Legal Liability for the physical loss and/or damage to cargo within the Warehouse Operators custody and control whilst in storage.
- Legal Defense Costs
- Liability for Consequential Loss arising from damage to Customer's cargo
- Coverage can be applied under private standard trading conditions and international conventions
- Physical Loss and/or Damage to Cargo as a result of temperature or humidity changes, unexpected theft, fire and other perils.

The Tysers WHO Facility caters for a wide range of different subject matter's, including Temperature Controlled Cargo, General Merchandise, Machinery, and much more.

Large limits are available, with a fast turnaround service for quotations, binding, and issuance of documentation.

For any policy issued under the Tysers Warehouse Facility, an Insured will enjoy the benefit of an in-house claims service, which ensures efficiency and effectiveness in claims handling is maintained.
