

INTERNATIONAL CASUALTY

Tysers' International Casualty team specialises in hard-to-place risks for independent brokers and MGAs.

Tysers has merged its established property and casualty divisions to provide clients with bespoke and combined solutions in a dedicated, expert team. A considerable presence in both the London and overseas markets allows Tysers to access exclusive facilities and line slips for our clients and to cater for the more difficult and unusual to place risks, as well as large casualty programmes. Tysers also provides extensive risk management and alternative risk transfer solutions for some of the larger and more complex risks.

MINIMUM PREMIUMS

Potentially as low as AUD\$10,000.

LIMITS

AUS\$5m-100m.

GEOGRAPHIES

STAND-OUT SERVICE

Tysers' International Casualty team placed a large tailing dam construction risk in Australia for a well-known mining contractor. No local markets were available in Australia to cover tailing dams. Tysers successfully placed the risk with four Lloyd's syndicates for a premium of AUS\$500,000 and provided AUS\$50m limit of liability, including pollution liability.
